LCAP 2.0

UPGRADE YOUR DISTRICT’S PLAN FOR STUDENT SUCCESS

This school year brings leaders an opportunity and a responsibility to evaluate the district’s Local Control Accountability Plan and decide what needs to be adjusted for the next three-year LCAP. Much has changed since these plans were drafted in 2016-17; does the district’s present LCAP match your vision for student learning and well-being?

Bring your LCAP team to this work session to analyze how effectively programs and services in the sunsetting LCAP serve students in your district. Draft an action plan that establishes key indicators, reengages stakeholders in a dialogue about goals, programs and services, and directs your district toward a plan for continuous improvement that matches student needs through 2023.
