New TK Teacher Requirements

1. Do TK teachers need to have a teaching credential?

2. What is the impact of Senate Bill 876 (Statutes 2014, Chapter 687) – EC 48000(g) – on TK Requirements?

SB 876 added additional requirements for TK teachers. Pursuant to EC 48000(g), a school district or charter school shall ensure that credentialed teachers who are first assigned to a TK classroom after July 1, 2015, have, by August 1, 2020, one of the following:

1. At least 24 units in early childhood education, or childhood development, or both.
2. As determined by the LEA employing the teacher, professional experience in a classroom setting with preschool age children that is comparable to the 24 units of education described in bullet 1.
3. A child development teacher permit issued by the California Commission on Teacher Credentialing (CTC).

Any current credentialed teacher who is or was assigned to teach TK, or a combination class of kindergarten and TK, on or before July 1, 2015, is “grandfathered in” to teach TK without having to meet additional requirements. Any credentialed teacher assigned to teach TK, or a combination class of kindergarten and TK, after July 1, 2015, will have until August 1, 2020, to meet the above-mentioned education requirements.

In addition to addressing teacher requirements, EC 48000(g) states: “It is the intent of the Legislature that transitional kindergarten curriculum be aligned to the California Preschool Learning Foundations developed by the department.”

Transitional Kindergarten
SB 876
What does this mean for me?

3 groups of teachers

- ‘grand-fathered’ TK teachers
- ‘new to TK 2015’
- ‘future TK teachers’

Our Data Indicates:

- most TK-3rd grade teachers have at least 8 units in ECE or ECD
- approximately 37 new TK or TK/K teachers county wide
