With nearly twenty ELA/ELD programs submitted by publishers for review, it is important for districts to develop a strategy for the selection of instructional materials. The ELA/ELD Adoption Toolkit is organized into five sections that will guide districts through the program selection process. The sections help districts develop “the district lens” necessary for the identification and adoption of ELA/ELD instructional materials.

During this half-day session, participants will:

- Receive a copy of the 2015 ELA/ELD Adoption Toolkit
- Explore the content of the five sections
- Learn where to locate demographic and achievement data needed to complete toolkit sections
- Begin completing document
