

LAUNCHING OCTOBER 2019

SANTA BARBARA COUNTY
K-12 COMPUTER SCIENCE NETWORK

Year 1 OUTCOMES

- ▶ Become familiar with CS concepts, practices, and standards.
- ▶ Develop a plan for equitable, inclusive, sustainable CS implementation in your local context.
- ▶ Begin to build teams and pathways to support CS education for all students.
- ▶ Explore high quality CS resources to meet local needs.
- ▶ Collaborate with CS leaders in Santa Barbara County.

Equity means that everyone gets the support they need to succeed based on where they are and where they want to go. This requires interrupting inequitable practices, examining biases, and creating inclusive environments for all...

Why CS for All?

Computer Science (CS) builds innovation, collaboration, creativity, and problem-solving — 21st century skills all students need today and in the future, regardless of their ultimate field of study or occupation.

LOW INCOME STUDENTS

75% of California schools with the highest percentage of low-income students offer **no CS courses**.

UNEQUAL OPPORTUNITIES*

STUDENTS OF COLOR

60% of California students are Latinx or African-American
YET ONLY 16% take Advanced Placement classes in CS (APCS).

GIRLS

48% of California students are girls
YET ONLY 26% took the exam for APCS.

California has more than 68,000 open computing jobs across all fields, including healthcare, entertainment, agriculture, and technology. Our students must be prepared to take advantage of these opportunities.

*2018 CA CS Standards

The Santa Barbara County Education Office is proud to announce our

We believe... all students need and deserve access to high-quality, equitable Computer Science education.

We believe... computer science education is fun, meaningful, and offers us an opportunity to grow.

We believe... implementing computer science can be challenging, but working with other committed and enthusiastic educators empowers us to create relevant, inspiring learning experiences.

We believe... in CS for All.
